Date Completed: 2025-07-03

- **Work Description:** Vegetation clearing and mulching along access track to provide access to all poles and powerlines. Site prepared for ELC inspections and further trimming as required. Equipment used: Kubota SVL95 with Seppi Mulcher, Kubota 5t Excavator.
- **Scope of Works:** Clear all vegetation to create access to Poles and powerlines.
- **Address:** 2977 Epping-Kilmore Road, Wandong, Victoria, 3758, Australia
- **Date of Works:** 2025-06-18
- **Vegetation Mulched:** yes

Summary

Vegetation clearing was successfully completed along the access track from 53 km to 50.600 km at Wandong. All poles and powerlines are now accessible, and the site is prepared for ELC inspections and further trimming as required. The works were performed using a Kubota SVL95 with Seppi Mulcher and a Kubota 5t Excavator, resulting in a thoroughly cleared site, ready for inspection and any further works if needed.

Key Findings

- Vegetation was fully cleared to provide access to all poles and powerlines.
- Kubota SVL95 with Seppi Mulcher and Kubota 5t Excavator were used for works.
- Site is now ready for ELC inspections and any required trimming.
- Works covered the section from 53 km to 50.600 km, with additional areas addressed.

- Comprehensive photographic evidence was collected before, during, and after works.
