

V/Line – Completion Report

Project: 2584 - V/Line 50.600-53.2 (Rail St Crossing) DBKWDG Access Track ELC Clearance

Customer: V/Line

PO / LOE: 194664

Location: Wallan, Victoria (KP 50.600 – 53.2)

Status: Completed

Date Completed: 2025-07-01

- **Work Description:** Vegetation mulching and clearance: All woody weeds are mulched, and the pole lines are cleared, just like we needed. We used the Kubota SVL 95S2 with the SEPPI forestry mulcher, and the cabota, which escaped 5 times with the SEPPI mulcher. Plus, the Terex, 16 m EWP. Also the Bandit 18XP wood chipper too.
- **Scope of Works:** Clear all conductors as per the vline ELCMP
- **Address:** Hume Freeway, Wallan, Victoria, 3756, Australia
- **Date of Works:** 2025-06-25
- **Vegetation Mulched:** Yes

Summary

Vegetation management and ELC trimming were successfully completed along the access track between Donnybrook and Wandong. All woody weeds were mulched, pole lines were cleared, and conductors were addressed in accordance with V/Line ELCMP requirements. The works utilized specialized equipment, and comprehensive photographic documentation was captured before, during, and after the project.

Key Findings

- All woody weeds along the access track were mulched.
- Pole lines and conductors were cleared in accordance with V/Line ELCMP.
- Specialised equipment, including forestry mulcher and EWP, was utilised.

- Comprehensive photographic documentation was completed before, during, and after works.
